

# Graphical Authentication

The respondent's email (**amankumar71391@gmail.com**) was recorded on submission of this form.

Are you aware about Graphical passwords? \*

☐ Yes

☒ No

What is your preferred method of authentication when logging into an online account? \*

☒ Text-based passwords

☐ Biometric authentication (e.g. fingerprint or facial recognition)

☐ Graphical passwords

☐ Two-factor authentication

What types of images or patterns do you find most memorable for use in graphical passwords? \*

- ☐ Nature scenes (e.g. mountains, beaches, forests)
- ☐ Abstract shapes or designs
- ☐ Animals or pets
- ☒ Personal photos or images
- ☐ Other (please specify)

How would you rate the usability of graphical password systems compared to traditional text-based passwords? \*

- ☐ Much easier to use
- ☒ Somewhat easier to use
- ☐ About the same level of ease of use
- ☐ Somewhat more difficult to use

Have you ever had difficulty remembering or entering a graphical password? \*

- ☐ Yes, frequently
- ☐ Yes, occasionally
- ☒ No, never

Would you be willing to use a graphical password system if it was implemented on a website or application that you frequently use? \*

☒ Yes

☐ No

This form was created inside Dayananda Sagar University.
